### MEMORANDUM

TO: THE COMMISSIONS AND RELATED ORGANS PREPARING THE WORKSHOPS OF THE SIXTH INTERNATIONAL ASSEMBLY

FROM: INTERNATIONAL COORDINATING GROUP (ICG)

SUBJECT: PLANS FOR WORKSHOPS OF COMMISSIONS ON 17 CONCERNS

DATE: OCTOBER 1, 2018

1. Please be informed that the Sixth International Assembly (6th IA) of the International League of Peoples' Struggle (ILPS) shall be held from 23 to 26 of June 2019 in Hong Kong. The theme of the 6th International Assembly shall be: **"Win a bright socialist future for humanity! Unite the people to fight and end imperialist war, racism and fascism!"**

2. Attached hereto is the outline program of activities of the International Assembly. Please take note that the workshops of the commissions are allotted time and the opportunity to do the following:

2.1 Perform the following workshop activities:

a) Welcome and introductions among participants,

b) Speeches of resource persons,

c) Discussions and action planning, and

d) Drafting of resolutions: one comprehensive resolution and the others specific resolutions.

2.2 Submit the comprehensive resolutions on the various concerns as building blocks of the General Resolution of the Sixth International Assembly.

2.3 Propose amendments to the ILPS Charter.

3. We require all commissions and related organs (secretariat, working group

or lead organization) to formulate and submit to us before February 10, 2019 their plans for realizing the workshops. The plans should include the organizational structure of the commission and its workshop, the names of participating organizations, the speakers, special guests if any, the topics of the speeches and the resolutions.

4. After the submission of plans, we wish to receive a monthly report on preparations for the workshops. Our main purpose is to be informed and to give guidelines whenever necessary, while giving full play to the initiative of the commissions and related organs.

5. We urge the commissions to fulfill the highly significant role of providing substance to the Sixth International Assembly on various concerns as well as of activating incumbent ILPS members organizations and attracting new ones. We look forward to larger participation of old and new member-organizations as well as other interested entities.

6. We shall ensure that the workshops of all the 17 commissions shall have their respective meeting places, taking into account the number of participants and other requirements. You may eventually communicate with the General Secretariat and the Hong Kong Host Committee regarding material and technical requirements for the workshops.

7. Please encourage the member-organizations connected to your commission to pay their membership dues either to the ILPS Country Chapter if one exists in your country or to the ILPS National Treasurer.

Thank you for your attention and cooperation.

In solidarity,

Prof. Jose Maria Sison

Chairperson

International League of Peoples' Struggle
